

About the Mollie Nye House

The construction of the Nye Family home took place during the spring and summer of 1913, and was completed in anticipation of the impending arrival of Miss Mollie Nye. With the exception of the new basement, the house is much the same today as it was in 1913. After Mollie's death in 1997, the property passed to the District of North Vancouver and was upgraded for community use. The purpose of the Mollie Nye House is to create a welcoming, active place where Lynn Valley residents feel a sense of belonging and pride; where staff and volunteers encourage and nurture programmes and services for the community and where preservation and use of the house and garden recognize its historic place in the community and the contributions of the Nye Family. The house is operated by the Lynn Valley Seniors Association and the Lynn Valley Community Association; the staff and volunteers are proud to continue the Nye family tradition of serving the community by offering a wide variety of programmes and events for all ages throughout the week and on the weekends
